EIT offers a Year 13 student the opportunity to apply for a Degree Scholarship, providing them with 100% FREE tuition for one year, valued at \$6.500. Check out www.year13.ac.nz for more information.

QUOTE

Study like there's no tomorrow because if you keep putting off your studies for tomorrow, you'll probably be too late.

Don't work only while being watched, in order to please men, but as slaves of Christ, do God's will from your heart. – Ephesians 6:6

Studying and doing work in your various subject choices can be really hard sometimes. It's easy to get tired of your subject, or feel like you don't want to work very hard at times. Staying motivated can be pretty difficult.

Today's verse is talking about work ethic. It challenges us to not just do a good job when our teachers or parents are watching us, but rather to be doing a good job all the time. We should be working hard in our subjects and doing a good job because we want to do the right thing for God.

Working hard and doing the right thing when no one else is watching is hard. It's easier to slack off and chat on social media or watch YouTube when no one watches or just take it easy. **It takes character** to work hard and do the right thing when no one is watching and there is no profit for you by doing it. **Challenge yourself today to work hard and do the right thing**, regardless of who sees. Choose to live your life to please God.
