### NEW ZEALAND DEFENCE FORCE SCHOLARSHIPS NAVY / NZ ARMY / AIRFORCE

The Defence Force is committed to helping you achieve your academic goals and rewarding success. If you're already a graduate, then you can expect your achievement to be recognised in the opportunities, benefits and salaries that we offer. If you are yet to commit to a programme of further study, then find out how we can help. Further study can be expensive, so our financial support can make all the difference.

The educational opportunities in the Defence Force are hard to beat and the qualification you earn will be yours for life, helping you get on whether you stay in the Defence Force or not. We offer University scholarships to select people who know they want to join us after graduation—this is a great way of avoiding the burden of a student loan. We can help pay your fees and give you a living allowance. You pay us back by joining as a highly trained and committed member of a team. And at any time during your career, if you are keen to pursue an educational course that will benefit your Defence role career, we'll be right behind you.

## LATTITUDE GLOBAL VOLUNTEERING INTERNATIONAL WORK EXPERIENCE – GAP YEAR INFO NIGHTS

We have one further International Work Experience - Gap Year Info Nights in Auckland, aimed at senior students interested in embarking on an international gap year abroad in 2019 between high school and university.

**Thursday 12th April:**

<https://www.eventbrite.co.nz/e/international-gap-year-akl-april-info-night-tickets-41932394922>

7:00 - 8:30pm

The Dominion (The Bridgman Room)

234 Dominion Road

Eden Terrace

And the details on all Info Evenings can be found on our website:

<http://www.lattitude.org.nz/useful-information/attend-an-info-night>

## UNIVERSITY OF OTAGO

### **Pacific On Campus Experience (POCE) Scholarship Programme 2018 “Successfully transitioning Pacific students to tertiary studies”**

The University of Otago’s POCE Programme is an opportunity for Year 13 students of Pacific heritage to visit the university’s Dunedin campus. The aims of the Programme are: • Promote the University of Otago as the best university for Pacific students • Promote tertiary education to Pacific students and their communities • Provide hands-on assistance and guidance with study choices • Present Dunedin as a great university city for students to find their place in the world. Thirty Pacific senior students nationwide are selected competitively on the basis of reference from their School Principal, a set-topic essay (500 words) and their NCEA results. Over a three-day period, the successful recipients will attend an organised programme including living

in a Residential College, visit academic departments and meet academic support staff. Another important feature of this programme will be to attend the Dunedin Tertiary Open Day. All expenses (travel, accommodation in residential colleges, programme activities and meals) are met by the scholarship. POCE runs from Sunday 6 - Tuesday 8 May 2018. Applications will be available from March 2018 closing on April 05th, 2018. For more information, contact Christine Anesone on [christine.anesone@otago.ac.nz](mailto:christine.anesone@otago.ac.nz) or 03 479 4981.

## UNIVERSITY OF CANTERBURY

### **Bachelor of Product Design**

Limitless possibilities come from combining creative design, science, engineering and business.

**What to take at school.....** University Entrance through NCEA requirements or have completed the IB Diploma or have at least 120 points on the UCAS Tarriff with D grades in approved subjects for CIE.

At least 14 credits in Level 2 NCEA Science and Mathematics strongly recommended (have passed AS level Mathematics in CIE or have achieved a 4 SL Maths for IB), while those intending to take the Chemical & Healthcare Product Formulation major should ideally have 14 credits in Level 3 NCEA Chemistry (IB Chemistry with 4 HL or 6 SL; CIE Chemistry D grade (A level) or A grade (AS level).

NCEA credits in related subjects such as Digital Technologies, Technology, or Design and Visual Communication would be an advantage.

## **UNIVERSITY OF AUCKLAND**

**Kia ora, Talofa lava, Kia orana, Malo e lelei, Fakaalofa lahi atu, Bula vinaka, Taloha ni, Halo ola keta, Mauri and Warm Pacific Greetings.**

The University of Auckland will be hosting its annual STEAM Ahead Campus Day for Year 13 Māori and Pacific students this July and we're looking forward to seeing your students here.

*Save the date:*

**Tuesday, 3 July 2018**

8.30am – 3pm

University of Auckland City Campus

This year, our programme will focus on STEM subjects (Science, Technology, Engineering and Medicine)

Māori and Pacific students with an interest in STEM subjects will get a chance to learn more about our degree programmes, talk to our current students about life at University, and hear from industry experts about the difference they make in the world.

We'll also discuss:

- Entry requirements
- Undergraduate Targeted Admission Schemes (UTAS)
- Scholarships
- First-year courses (prerequisites and course requirements)
- Alternative pathways

**Registrations will open Monday 23 April and close on 5pm, Monday, 4 June.** Places are limited, so we recommend you register as soon as possible. We will send out the registration form and other information out shortly.

**Key Dates- please make a note of these in your calendars**

**Monday, 23 April :** Registrations open

**Monday, 4 June:** Registrations close

**Tuesday, 3 July:** STEAM Ahead

If you are interested in any of these events and/or courses and would like further information please see Mrs Zyzalo in the Admin Office at the Botany Campus, or alternatively email [Natasha.Zyzalo@elim.school.nz](mailto:Natasha.Zyzalo@elim.school.nz)

Please also feel free to visit the Careers Room to pick up any brochures.
