

20<sup>th</sup> November 2018

Dear Parents / Caregivers / Whanau

**EAGLES 2018**

The students who have attended EAGLES Classes this year will be bringing home a folder showing their work activities. Inside the front cover is an EAGLES REFLECTION sheet, which gives an indication of their achievements, described under three headings: Emerging, Achieving, Excelling Eagles.

I hope you will take some time to ask your son or daughter to explain the tasks and challenges.

Only a few are identified as 'excelling' in any activity, and it is quite acceptable to be 'emerging' as it may well be a new skill they faced and required teacher support to master.

EAGLES tasks involve divergent and creative thinking in a number of areas. This can be very different from classroom 'academic' tasks. Depth of questions /answers, creativity or imaginative responses are assessed. I hope you find it interesting to read about the variety of topics we have worked on this year.

Yours sincerely

**Mrs Barbara Langridge.**  
**EAGLES TEACHER.**
