

**Golflands Campus Walking School Bus – an opportunity to be a part of the answer**

As parents, we want to be proactive in easing the traffic congestion and limited parking at the school gate. This is especially important in light of the much-awaited Middle Years facility opening at the Golflands Campus next year. We are requiring support from parents to be a part of the answer and to help by dropping their children at the reserve on Bob Charles Drive and/or join the Walking School Bus team.

This is a great opportunity for:

1. your child to walk to school with an adult as part of a walking school bus.
2. you, if you are available, to support by joining.

If you are interested in your child joining one of or both of these Walking School Buses, please contact Laura and/or Narae.
