

28th September 2018

Dear Parent / Caregiver

Maker Studio – Classes on Offer for Term 4: Year 3-6

Once again, we will be running extra-curricular coding and robotics classes for students who have a keen interest in this area. Classes are on offer during normal school time and by signing up you are agreeing to your child being withdrawn from their regular programme.

Year 3 & 4 group session time: Monday afternoons from 12:45pm to 1:45pm. This is a Level 1 coding group and will run for a 7-week period starting in week 2. Students in Year 4 who are enrolling for the first time will be placed in this group. The total cost will be \$217.00.

Year 4/5/6 group session time: Thursday afternoons from 1:00pm to 2:30pm. This group is a more advanced robotics group and will also run for 7 sessions with the first being held in week 2. Any Year 4 students that took part in last term's sessions will be placed in this group. The total cost will be \$259.00.

If you are interested in enrolling your child in this group, please complete the google form as soon as possible (deadline is Monday, 15th October). Spaces will be limited and fees need to be paid upfront. Please be aware of the option for photo permission – Maker Studio would like to use photos of your children in action on their website and their Facebook page, with your permission.
