Guidelines:

Students living with parents must still be monitored by the College. The home of a parent may be visited to verify the living situation. At no time can a parent leave the student unsupervised overnight or for any length of time without first informing the College and seeking approval for a temporary adult caregiver to take their place. This will probably be a designated caregiver that needs to be approved. If students are living with a parent, then the parent has full responsibility for the pastoral care of the student outside tuition hours, and may be called up to the school at short notice on school matters. If a parent leaves a student unsupervised in New Zealand, that student will lose their place at the College and New Zealand Immigration will be informed. Parents must follow all the policies of the College at all times.

Definition of 'Parent': - Parent means the father or mother of an international student, and includes a court-appointed guardian, or a person who meets the requirements of the NZIS visitor visa/permit.
