## Te Takitahi Term 3 Options Year 1-2

Dear Parents / Caregivers / Whanau

Tukua kia tu takitahi nga whetu o te rangi.  
Let each star in the sky shine its own light.

The Te Takitahi Initiative addresses the passions and/or personal goals of both our staff and students. The activities offered are mere tasters to address an area staff and students are passionate about or would like to engage more with - it is not meant to be a comprehensive exercise but perceived more as manageable and achievable within the given time frame. As importantly, it provides the opportunity with certain activities for Year 1-6 students to interact with one another.

The activity chosen by your child this term may incur a small cost. If there is a cost, you will be invoiced according to their choice.

We would appreciate it if you could choose the activity your child would like to take part in by **Thursday, 4<sup>th</sup> July**.

### Year 1-2 Options for Term 3:

| Activity                        | Activity Description   | Cost |
|---------------------------------|--|------|
| African pin bangle              | Students will use beads, safety pins and elastic to design and make their own pin bracelet. At the end of 5 sessions, students would have created an original bracelet to give to someone as a gift or to treasure themselves. | \$2  |
| Colouring                       | Colouring activity which is a relaxing and enjoyable activity to do on Friday afternoon.   | -    |
| Dance (Juniors)                 | Do you love to dance? Come learn a fun and up beat dance with Miss Coffey that we will perform at assembly.  | -    |
| Song Writing                    | Learning about the simplicity of writing songs and expressing how you feel in a creative way.  | -    |
| Design                          | Plan, Design, Create   | -    |
| Creating multilingual resources | Creating dictionaries and glossaries using more than 1 language  | -    |
| Weaving                         | Weave with wool.   | -    |
| Lego Building                   | Use LEGO blocks to create amazing structures.  | -    |
| Science experiments             | Interesting and fun experiments with a different focus each week.  | \$2  |
| Coding with Beebots             | Learn how to do simple coding with our new beebots. Explore 4 different scenes.  | -    |

Your sincerely

Mrs Zelda Vermeulen  
Year 3/4 Team Leader
