Please take a moment to read the parent feedback below from our amazing 2019 yearbook:

We love the yearbook, it's amazing to see all the great things our kids have done, and what's been happening in the school throughout the year. I know we will all treasure them in the years to come. - Hanneke Aish

At first I thought, "just another thing to pay for..." but I did order and pay for my copy. And one morning our whole family just ended up on the couch looking through it together.

In that moment I was visually informed and awakened to what Elim Christian College does for our kids, and I loved getting to see our friends and school family on the pages of this special book. It created amazing conversation and memories that otherwise would have been forgotten! Thank you for capturing the moments in our children's lives, that I couldn't! Worth every cent. - Monya Van Wyk
