

Monday 12 June

ROSTERING AT HOME

Dear Parents and Caregivers,

Further to the communication you would have received on Friday 9 June regarding the continued industrial action, I would like to communicate the following to you for Botany Campus:

- Students are encouraged to treat these days as at-home learning days by continuing to work on assessments and coursework that they have available to them
- Teachers who are not involved in the strike action may organise for students to attend and sit assessments or other coursework on rostered at-home days
- Learning spaces will be made available to students who would like to work onsite in a self-directed manner
- All students who are onsite during school hours must be in full school uniform and sign in and sign out at reception

Lastly, I would like to highlight again what was communicated by Murray on Friday:

"On behalf of the Board and Executive Leadership Team - we apologise for this major disruption to student learning but this is beyond our control. We do not have the resources to maintain on-site learning with our colleagues not able to teach."

Nga mihi,

Stephen Briscoe PgEdL

DEPUTY PRINCIPAL BOTANY (SENIOR YEARS)
