

Parents of students Y5-13

At Elim Christian College, we believe that parents are the primary sex educators of their children and our programme acts to support what is being discussed in the family context. Our Sex Education Programme at Elim is approached from a biblical perspective as applied to our context today. We consider the whole person (emotional, physical, spiritual, social aspects) in our programme and endeavour to convey a relevant and biblical view of sex, dating and relating.

Periodically we review our current programme and would value your input. There are 2 surveys below:

1. Parent survey: There are just 10 quick questions. We invite all parents of students in Y5-13 to respond.

2. Student survey: This is identical to the parent survey. We will leave this to the discretion of the parents to invite your child/teen to respond. We would only be anticipating responses from students in Y7-13.
