

1 April 2023

Hi there parent community

Principal's Update - Planning our Big Obstacle Fun Run

Shading for our Golflands Campus - all ages at GC will benefit from this.

We have quotes for providing great looking and highly effective shading for your tamariki.

So now we urgently need to get a few people in the room with a whiteboard to plan what our May 26th sponsored Golflands Obstacle Fun Run will look like.

Monday 7:00pm at our Golflands Campus for an hour!!

Ideas, ideas, ideas We need aplenty!! Then we plan it for the age groups, go find the gear then set it up the whole campus for an amazing fun day out for our students.

I'm sure many of you will support us on the day but we do need to get a brains trust to set it in motion now.

Have you done an obstacle course or even helped run one? Can you spare 1 hour this Monday so we go into the holidays with some things in place.

A fun and very active investment in the next generation!

Thanks to Sharlene Sampson and Laura Vosloo for giving us huge momentum to raise funds for bright funky shading for our Golflands Campus.

Monday 7:00pm at our Golflands Campus for an hour!!

See you there!!

Regards

Murray Burton
Principal
