

A FUTURE & A HOPE

GOLFLANDS CAMPUS JUNIOR YEARS

Kia ora Parents / Caregivers / Whānau

Term 2 has started well. Welcome to our new families and international students who will be with us for the rest of the year.

This term our focus is God wants us to celebrate life and students will delve deeper into Science. The Year 0-2 students will learn about Wonderful Wai (states of matter), the Year 3s will be looking closely at how food changes, why food changes and how to prevent food from changing. The Year 4s will be learning about science in the kitchen and the Year 5-6 students will be looking at responses and reactions they can create using materials from the world around them.

A few reminders:

Siblings of current students:

If you have a sibling of a current student who will be turning 5 years old (New Entrant) in Term 4 2024 and you haven't yet submitted an online application, please do so through the following link by 31 May 2024.

<https://forms.gle/D8Mo1KmSC97tAiN17>

Please include scanned PDF copies of all the required supporting documentation, a list of which may be found on the online application page.

Bus bay

Parents, just a reminder please do not use the bus bay for school drop offs either. We would appreciate your support with this in keeping our students safe.

Parent helpers

We urgently need Parent helpers for HPPA Football and Rippa Rugby. All Parent helpers need to have a current Police vetting at the school.

Coming back to our focus this term: God wants us to celebrate life and reminds us that celebrating life involves remaining steadfast in faith and prayer, trusting that God is working all things together for our good. 1 Thessalonians 5:16-18 (NIV): "Rejoice always, pray continually, give thanks in all circumstances; for this is God's will for you in Christ Jesus."

May you and your family have a blessed term.

Ngā mihi nui

Mrs Brieta Groenewald Deputy Principal
(Golflands Campus Junior Years)

TERM 2 UPCOMING EVENTS

YEAR 6

We have been creative with our literacy, Bible learning, visual art and leadership. In year 6 students have been loving our spelling program and novel study discussions. Children have created beautiful portraits using print making techniques.

YEAR 5

Students in year 5 constructed ANZAC day poems and also represented the Holy Trinity symbolically.

- Remembrance
- Elaborate
- Memorial
- Eat well
- Morse code
- Bugel sounds
- Eat to keep strong
- Red poppies

ANZAC poem by Tanya Lai

Trinity representations

Trinity representation by Annaliese Langdon and Mia Pienaar

WHANAU LEADERS AND STUDENT VOICE

Whanau leaders and student voice have been busy creating little gifts for Mother's Day assembly.

Proverbs 31:25:

"She is clothed with strength and dignity; she can laugh at the days to come."

YEAR 4

Year 4s are back in full swing with their learning and assessments this week. We started our PE sessions with learning large ball skills and playing dodgeball. This was complemented well with an afternoon of having Riley, the rugby coach from Pakuranga Rugby Club come in to teach us some rugby skills, such as passing and catching with our hands forming a W. We enjoyed short games of ripper rugby too. Though it was a new experience for some students and they were initially worried they wouldn't do well, they still put in a positive attitude and gave it 100%.

YEAR 3

The Year 3 team has started to investigate Fabulous Food. We aren't looking at food like a chef, baker or consumer. We are looking at food like a scientist, seeing the different changes that happen with heat, motion or chemical reaction.

The students already did one experiment last week where Mrs Voisey brought in 5 pieces of cheese. Currently, each piece is in a plastic bag in our classroom changing everyday.

This week, we have been discussing where food comes from and sorting food into 3 groups. Students have identified which foods in their lunch box are from plants, animals or processed foods. We can't wait to investigate more food and the changes that happen.

Would you eat this cheese?

A	✓	fresh
B	✗	left on bench
C	✗	mould
D	✓	frozen
E	✗	in rubbish bin

I know food has gone off when it...

- changes colour
- changes texture
- unpleasant smell
- undesirable taste
- I can see mould
- It is softer than normal

Shops print before and use by dates (expiry)

YEAR 2

Our Year 2 Shining Stars students are becoming scientists for our inquiry learning this term. Students spent time in the afternoon this week, exploring water in different ways – foam and bubbles, icy cubes, warm and cool water with squishy sponges, pouring cups and blowing straws.

Our students shared a lot of knowledge about water with their teachers and we began learning how to ask 'thick' questions beginning with "why" or "how" relating to our topic. We came up with some burning questions that they wish to answer. We look forward to doing lots of experiments this term to learn about the changes in states of matter that we see in our everyday lives.

We embrace their creativity and curiosity as they make a splash in their learning journey!

YEAR 0-1 - WELCOME ROOM 9

WELCOME TO OUR *school!*

This term we welcomed Mr Lee and the students in Room 9.

Students had a great start and have been busy learning new things at school.

May your time at Elim be a blessing to you and your family!

KELLY CLUB

TERM 2 2024

29 April - 5 July

Weekly Theme Planner

Kelly Club Elim

Wk 1 29 April	Worldwide Welcome		Haere mai, accueillir, welcome back to Kelly Club!
