This course will provide valuable skills and knowledge in preparing and presenting espresso beverages for service. It is a fantastic opportunity for your child to gain hands-on experience in a practical and industry-relevant setting.

Upon successful completion of the course, students will volunteer in the school cafe, which we are planning to have operational by Term 2. This will not only reinforce the skills learned during the course but also provide valuable experience in a real-world setting.

We encourage your child to approach this opportunity with enthusiasm and to make the most out of this learning experience.
