

17 February 2021

Kia Ora our parent and caregiver community

With the PM's message that Auckland is returning to Level 2, school is back in action tomorrow. This means normal school all day tomorrow and Friday. It is not planned that online learning will be offered. School buses will run as normal.

We understand that not all students may return straight away but of course we hope you all will. We will support you whatever your choice is, but as mentioned above, it is not our intention to continue active online learning.

We cannot under Level 2, accept parents on site. We will however have teachers in our junior classes out ready to welcome your tamariki. We look forward to welcoming everybody back. The school gates will remain locked during the day.

We will emphasising safe health practices. Level 2 means we can do everything we normally do but with safe health practices in mind. We can hold assemblies.

I want to thank everyone for your support these past three lockdown days.

Our Campus Leads will determine where and how cancelled or postponed events can be reset!

So welcome back.

Nga mihi

Regards

Murray
