

14 February 2023

Kia Ora one and all

With families spread right across Auckland - the past 24-48 hours will have been a real challenge and quite tough for some. The wind is still with us for sure.

Some of you have lost power /internet, had some flooding (again) and some have reported trees down etc....

Remarkably our school sites have come through well. Some minor repairs are taking place today and early tomorrow.

We are open for physical on site learning tomorrow at all of our campuses with the usual start and finish times for a school day.

We fully understand if there are any students or staff absences. There are multiple crews needing to work throughout Tamaki Makaurau carrying out infrastructure repairs so please be careful at all times in your comings and goings.

We look forward to welcoming you back on site tomorrow.

Much aroha

Nga mihi nui
Regards

Murray
