

Thursday 16 March

Dear Parents, Caregivers and Students,

The **Worship Teams at Botany and Mt. Albert Campus** are now using In-Ear Monitors (IEMs) as the main way of monitoring our sound onstage. At Botany, this is something we have had to do since moving back into the Elim Church Auditorium. At Mt. Albert, we are upgrading the Hall sound system to allow for the use of IEMs.

IEMs are widely used by churches and productions as a way to minimise stage volume and create a better sounding mix for the congregation.

If your child already has some IEMs, then you do not need to get another set. We are recommending that the following groups of students have IEMs for 2023:

- **ALL Band members at both campuses** - guitar, bass, drums, keys
- **ALL Vocals at Botany**
- **ONLY Worship Leaders at Mt. Albert** - until we can put all the vocals on IEMs

We have investigated some very reasonable products and prices that students can purchase through the school. If you are interested, **please indicate on this [online form](#) by Friday 24 March.**

These fees will be loaded into the parent portal on KAMAR to pay once the order is placed.

KZ ZST Pro \$15 Bang for Buck	KZ ZSN Pro \$25 Metal Casing	KZ SN10 \$65 Best Sound Quality
		

Kind regards,

Nate Collings - BMus GradDipTchg
