

**Permission Form**  
**Year 12 and 13 Physics Field Trip to Rainbow's End 2025**

15 August 2025

Dear Parent / Guardian,

Our Year 12 and 13 Physics classes have been given the wonderful opportunity to spend a full day at Rainbow's End Theme Park in Manukau City Centre.

We will be able to see how the laws of physics are used in real life – and have plenty of fun on the rides as well. While at Rainbow's End, students have the option of gathering information to complete the internal assessment 2.2 or 3.2 by investigating relevant physics in the context of one of the rides.

Please note that students can also complete this internal assessment at no cost by alternative means.

This trip is optional. Participation costs \$57 per student and will be invoiced via KAMAR to enable you to pay via the parent portal. If you do not know how to access the portal, please email [accounts@elim.school.nz](mailto:accounts@elim.school.nz)

**Date:** Friday 19 September

**Cost:** \$57

**Arrive:** 9:45 am at Rainbow's End

**Depart :** 2:30 pm from Rainbow's End

**Transport:** Students should arrange their own transport to and from Rainbow's End as per times above. We will have limited space available in school transport. Students are reminded not to break the law by travelling with a restricted driver.

Students will need to arrive in mufti and bring a personal packed lunch (external commercial foods such as McDonalds, Subway etc. are not permitted by Rainbow's End, nor are large food containers). There is a variety of dining options on-site if students wish to purchase food.

Places are limited by required staffing levels, so please complete the online form below to give permission for your child to attend no later than **Friday 29 August**.

**Payment is also due by this date.**
